**Overall Width:**

0.075 inches

**Thickness:**

0.012 inches

**Length:**

Between 492.000 yards and 525.000 yards

**Coating Material:**

Rubber, synthetic

**Environmental Protection:**

Hydraulic fluid

**Material And Location:**

Plastic, polyamide

**Product Name:**

Lacing tape, flat braid

**Special Features:**

Max operating temp is 260 degrees c; basic material is nomex with synthetic rubber or elastomer finish; min tensile strength 26.3 lbs; maximum elongation 44 percent; min tensile strength 35 lbs

**Color:**

White

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A15300
