Overall Width:

0.076 inches

Thickness:

0.012 inches

Length:

500.0 yards

Environmental Protection:

Heat resistant

End Application:

Eh101 helicopter

Impregnation Material:

Rubber, synthetic

Material And Location:

Polyamide nylon, aramid

Issue Form:

Spool

Special Features:

Originally developed for eurofighter; 500 degree c temp

Color:

Red

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A15300
