Groove Radius:

0.266 inches

Accommodated Material Diameter:

0.625 inches

Outer Radius:

0.422 inches

Tapered End Height:

0.309 inches

Material:

Copper alloy

Material Specification:

Lloy b5, type (static casting) specqq-c-390 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A105a0

Mil-std (military Standard):

spec.
