Connection Style:

Round eye

Connection To Body Relationship:

Perpendicular

Connection Inside Diameter:

1.125 inches

Material:

Steel comp 4130

Surface Treatment:

Cadmium

Special Test Features:

Navord dd42046

Surface Treatment Specification:

Qq-p-416, type ii, class 2 federal specification single treatment response

Style Designator:

Regular

Reference Number Differentiating Characteristics:

Special test features

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A105a0
