End Application:

Oh-58d helicopter, obsn/sct

Special Features:

Electrical requirements for release at dropping capacity: 22.28vd (11 to 14 amps) ; mounting: single- point universal; mechanical connector: mates with sp-1033-1; electrical connector: mates with pc 07e.8-2p or kpse08e12-3p; unit weight: 3.750 lbs.

Material:

Steel comp 4130

Surface Treatment:

Cadmium and nickel or phosphate

Style Designator:

Plain point

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A105a0
