Inside Width:

0.812 inches

End Application:

Apache helicopter

Material Diameter:

0.316 inches

Product Name:

Lifting pin

Special Features:

Single acting ball lock pin with solid one piece body with 4 balls for high tension loads; forged shackle for heavy lifting; pin dia. 0.500 in.; pin grip length 80 in.; number 10 screw; screw dia. 0.182; straight load pull capacity 1100 lbs; 1000 lbs at 45 degrees; 880 lbs at 90 degrees

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A105a0
