End Application:

Aircraft, freedom fighter f-5

Upper Loop Inside Diameter:

3.500 inches

Material Diameter:

1.375 inches

Features Provided:

Outward safety throat closure

Safe Operating Load Rating:

6000.000 pounds

Special Features:

Upper loop is closed. Lower loop is open w/securing latch. 8.000 in. Nom. Length. Part of connection to hoist j69-t-25a engine

Material:

Steel

Style Designator:

Open ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A105a0
