Inside Diameter:

0.680 inches

Diameter:

1.060 inches

End Application:

Latch assembly

Accommodated Material Diameter:

1.060 inches

Product Name:

Fitting, swage, rope

Special Features:

Used for turnback wire rope splicing and designed for lower temperature toughness. Special processed low carbon steel. Rope size is 5/16 inch.

Material:

Steel

Style Designator:

Oval

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A105a0
