**Inside Diameter:**

0.680 inches

**Diameter:**

1.060 inches

**End Application:**

Latch assembly

**Accommodated Material Diameter:**

1.060 inches

**Product Name:**

Fitting, swage, rope

**Special Features:**

Used for turnback wire rope splicing and designed for lower temperature toughness. Special processed low carbon steel. Rope size is 5/16 inch.

**Material:**

Steel

**Style Designator:**

Oval

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A105a0
