## Inside Diameter:

0.680 inches

## Diameter:

1.060 inches

End Application:
Latch assembly

## Accommodated Material Diameter:

1.060 inches

## Product Name:

Fitting, swage, rope

## Special Features:

Used for turnback wire rope splicing and designed for lower temperature toughness. Special processed low carbon steel. Rope size is $5 / 16$ inch.

Material:
Steel
Style Designator:
Oval
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiig:
A105a0
