Opening Width:

0.750 inches

Overall Length:

4.560 inches

End Application:

Control lines; wire rope applications

Accommodated Material Diameter:

Between 0.380 inches and 0.690 inches

Bolt Diameter:

0.690 inches

Product Name:

Socket termination

Special Features:

Forged steel socket termination-galvanized

Material:

Stainless steel

Material Specification:

G-416 assn standard all material responses

Style Designator:

Open

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A105a0
