Width:

3.52 inches

Inside Length:

2.125 inches

Locking Device Type:

Pin

Breaking Strength:

100.0 pounds

Features Provided:

W/bolt

Closure Head Style:

Flat

Safe Operating Load Rating:

5000.0 pounds

Product Name:

Swivel hoist, ring

Special Features:

Full 360 degree swivel and 180 degree pivot action, rated at 5: 1 strenght factor, finish: black oxid (except washer), u-bar, bolt, pins, base, washerand bushing are magnetic particle inspected, washer: zinc plated with gold colored (inch), clear/blue(metric) conversion coating, proof tested to 200% of rated load capacity, ce certified, thread size 3/4-10 inches, thread length 1weight3.0 lbs

Material:

Steel

Surface Treatment:

Oxide

Style Designator:

Mooring buoy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
