Unit Type:

Field assembled

Coolant Type:

Freon-12

Secondary Refrigerant:

Not included

Cooling Tower:

Not included

Ice Capacity Per 24 Hour Period:

200.0 pounds

Freezer Tank Can Quantity Accommodated:

3

Freezer Tank Outside Height:

2.750 feet

Freezer Tank Outside Length:

2.521 feet

Freezer Tank Outside Width:

2.250 feet

Freezing Tank Low Pressure Water Agitating System:

Not included

Freezing Tank Brine Agitator:

Not included

Can Top Inside Length:

12.000 inches

Can Top Inside Width:

2.375 inches

Can Inside Depth:

22.625 inches

Ice Can High Pressure Air Restriction Conveyance:

Not provided

Evaporative Condenser:

Not included

Precooling Tank:

Not included

Ice Capacity Per Can:

17.0 pounds

Specification Or Standard:

1 group

Departure From Cited Designator:

Ice making set, tank type, w/o thaw can

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T235-b
