General Description:

STAI-NL-ESS-STEE

Specification Or Standard:

2-5 size and a style

Departure From Cited Document:

Magnetic permeability shall be less than 1.2 before fabrication and not greater than 2.0 after fabrication as measured in a 200 oersted field

Departure From Cited Designator:

As modified by spcc procurement specification no. 4110-01-015-7532, 8 aug 1978

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
