**Overall Height:**

30.0 inches

**Overall Width:**

30.0 inches

**Current Type:**

Ac

**Frequency Rating:**

60.0 hertz

**Voltage Rating:**

115.0 pounds per hour wet

**Ambient Temp:**

90.0 degrees celsius

**Capacity:**

110.0 pounds

**Outside Shell Material:**

Steel, corrosion resisting

**Condenser Cooling Type:**

Air

**Dispensing Method:**

Automatic

**Integral Storage Bin:**

Included

**Ice Capacity Per 24 Hour Period:**

300.000 pounds

**Inlet Water Temperature Rating:**

70.0 degrees fahrenheit

**Environmental Attribute Code:**

Energy efficient - energy star - commercial food service - commercial ice machines

**Phase:**

Single

**Special Features:**

Ice maker's depth 30"; weight 200 lbs

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T235-b
