Overall Length:

24.000 inches

Overall Height:

40.000 inches

Overall Width:

24.000 inches

Frequency Rating:

60.0 hertz

Voltage Rating:

115.0 volts

Outside Shell Material:

Plastic

Dispensing Method:

Automatic

Integral Storage Bin:

Included

Phase:

Single

Special Features:

Aircooled half cube ice making machine; capacity of 100 kgs per 24 hrs; storage 45 kgs total; water system modified to suit pitch and roll of 30 deg

Surface Treatment:

Paint

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T235-b
