Usage Design:

Commercial

Winding Phase:

Single or three

Operation Method:

Compression

Unit Type:

Prefabricated sectional reach-in-walk-in and upright

Outside Shell Material:

Steel, corrosion resisting

Evaporator:

Included

Evaporator Unit Type:

Forced air-cooling

Capacity And Location:

65.0 cubic feet frozen food storage

Special Features:

Use r404a, refrigerant

Color:

Gray

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T235-a
