Overall Depth:

6.000 inches

Overall Height:

35.400 inches

Overall Width:

24.000 inches

Frequency Rating:

50.0 hertz and 60.0 hertz

Voltage Rating:

120.0 volts

Unit Type:

Upright

Power Source:

Electric motor

Door Quantity:

1

Outside Shell Material:

Steel, corrosion resisting

Product Name:

Undercounter plasma freezer - 40 degrees c

Special Features:

2 drawers, 15 x 18 in.; frost free with built in condensate evaporator; 2 1/8 in. Min. Cfc free urethane foam insulation; anti-sweat door with magnetic gasket and heated frame; auto clean automatic condensate tray; hot gas defrost to minimize the risk of product warm up during the defrost cycle; heavy duty casters, two fixed and two swivel with brakes; adjustable, positive latch with keylock for security; ul and ce listed; oversized condenser for fast pull down rate and temp recovery

Functional Description:

To store fresh frozen plasma or cryoprecipitate at colder -40 degrees c temperature; uses built in hemapro 2000/7er temperature/alarm monitoring system; built in alarm and chart recorder for temps. 2 drawers

Color:

Gray

Supplementary Features:

Forced air circulation system for maximum temp uniformity, fully extendible stainless steel rollout drawers for standard and flat plasma storage packs; dished interior bottoms to contain accidental spills

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T235-a
