Mounting Type:

Window

Overall Height:

20.180 inches

Overall Width:

28.000 inches

Current Type:

Ac

Frequency Rating:

60.0 hertz

Energy Efficiency Ratio:

9.5

Voltage Rating:

208.0 volts

Coolant Type:

Freon-22

Power Source:

Electric motor

Cooling Capacity In Btu Per Hour:

24500.0

Environmental Attribute Code:

Energy efficient - femp - appliances - room air conditioners

Phase:

Single

Special Features:

33.625 in. Depth; designed for r22 refrigerant; includes accessories for window or thru-wall mounting; energy star rated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505g0
