Overall Length:

54.750 inches

Overall Height:

8.000 inches

Overall Width:

18.000 inches

End Application:

Refrigerator

Voltage In Volts And Current Type:

115.0 ac

Special Features:

High and/or medium temperature top aire reach-in unit cooler with air defrost; ceiling mounted, rustproof fasteners, molded lexan fan guards, single phase, 60 hertz, weight 32 lbs

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
