Mounting Type:

Floor

Overall Length:

178.000 inches

Overall Height:

74.000 inches

Overall Width:

84.000 inches

Energy Efficiency Ratio:

68.1

End Application:

Model dac300

Power Source:

Diesel engine

Weight:

7970.000 pounds

Compressor Unit Type:

Closed

Cabinet Material:

Stainless steel

Cooling Capacity In Btu Per Hour:

327100.0

Special Features:

Discharge air-temperature, fuel level, hour meter, water temperature, oil pressure, battery volt meter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505g0
