Mounting Type:

Trailer

Horsepower Rating:

126.000

Coolant Type:

Hfc-134a

Power Source:

Electric motor

Kilowatt Rating:

55.0

Product Name:

Air conditioning equipment, model: acu-302-h-cup (air conditioning and heating)

Special Features:

Cummins qsb5-g3 nr3 tier3/com3, 126hp at 18 pm/ onan 55 kw genset, twin 15 tons trans scroll compressors, r134a refrigerant, correction resistant coil enclosure, one hose outlet, 77 gallon fuel tank, fuel filter/water separator, plug-in operation (all required components excluding cable and plug to allow operation from main electrical power), high capacity blower-200 ppm, engine block heater, paint commercial number 26173

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505g0
