Mounting Type:
Trailer
Horsepower Rating:
126.000
Coolant Type:
Hfc-134a
Power Source:
Electric motor
Kilowatt Rating:
55.0
Product Name:
Air conditioning equipment, model: acu-302-h-cup (air conditioning and heating)
Special Features:
Cummins qsb5-g3 nr3 tier3/com3, 126hp at 18 prm/ onan 55 kw genset, twin 15 tons trans scroll compressors, r134a refrigerant,
correction resistant coil enclosure, one hose outlet, 77 gallon fuel tank, fuel filter/water seperator, plug-in operation (all required
components excluding cable and plug to allow operation from main electrical power), high capacity blower-200 ppm, engine block heater,
paint commerical number 26173
Surface Treatment:
Paint
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A505g0
