Overall Length:

20.750 inches

Overall Height:

18.000 inches

Overall Width:

17.500 inches

Product Name:

Chiller unit, coolant

Functional Description:

Used on ws133a

General Description:

Major components, hermetically sealed compressor, r12 refrigerant, water is coolant in secondary loop, expansion valve, condenser, evaporator drier, filter, heat exchanger, o/a dim. Of chiller envelope 17.50 in. W, 20.75 in. Lg, 18.00 in. H

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
