Overall Height:

11.625 inches

Overall Length:

34.000 inches

Overall Width:

2.625 inches

Features Provided:

Mounting attachment

Tube Material:

Copper

Fin Material:

Copper

Coil Refrigerant Type For Which Designed:

Freon 12

Coil Construction/arrangement Type:

Finned surface

Special Features:

14 tubes h, 2 tube rows dp; fins spaced 0.330 in. C to c along tube, fin dim. 11.250 in. H, 2.500 in. Dp, 0.016 in. Thk; tin plated; supply and return lines on opposite sides

Specification Or Standard:

Gravity type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A509w0

Mil-std (military Standard):

Mil-c-2939 spec.
