Overall Height:

4.839 inches

Overall Length:

10.000 inches

Overall Width:

9.875 inches

Features Provided:

Mounting attachment

Tube Material:

Aluminum alloy

Fin Material:

Aluminum alloy

Coil Refrigerant Type For Which Designed:

Air

Special Features:

Anodized finish; hairpin tube type; 33.333 linear ft of tubing, 0.188 in. Oval tubes, 0.030 in. Wall thk; 0.125 in. From fin c to fin c along tube; supply and return connections are on opposite ends w/respect to ea other; specific appl radar equip aircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
