Overall Height:

15.500 inches

Overall Length:

16.000 inches

Overall Width:

9.750 inches

Fin Material:

Copper

Coil Refrigerant Type For Which Designed:

Fresh water

Special Features:

Spiral tubulators within tubes; 18 phosphorus bronze tubes, 3 rows on staggered 1.500 in. Centers, 6 tubes per row; 7 fins per inch, mechanically bonded to tubes, 0.016 in. Wall thk; 1.000 in. Ips union inlet connection; 1.000 in. Ips union outlet connection; 0.500 in. Ips union drain connection; designed to provide shockproof shipboard service; 300 psig rated hydrostatic test pressure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
