Overall Height:
15.500 inches
Overall Length:
16.000 inches
Overall Width:
9.750 inches
Fin Material:
Copper
Coil Refrigerant Type For Which Designed:
Fresh water
Special Features:
Spiral tubulators within tubes; 18 phosphorus bronze tubes, 3 rows on staggered 1.500 in. Centers, 6 tubes per row; 7 fins per inch,
mechanically bonded to tubes, 0.016 in. Wall thk; 1.000 in. Ips union inlet connection; 1.000 in. Ips union outlet connection; 0.500 in. Ips
union drain connection; designed to provide shockproof shipboard service; 300 psig rated hydrostatic test pressure
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A509w0
