Overall Width:

4.120 inches

Filtering Surface Area:

1.0 square feet

Body Thickness:

0.624 inches

Bodylength:

4.620 inches

Filtering Media Design:

Honeycomb single filtering media response

Material:

Aluminum alloy 6063 frame

Material Specification:

Qq-a-900/9c federal specification single material response frame

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
