Overall Width:

7.880 inches

Body Thickness:

0.500 inches

Wire Diameter:

0.013 inches

Mesh Size:

18.0 and 14.0

Bodylength:

7.880 inches

Filtering Media Design:

Mesh single filtering media response

Material:

Aluminum alloy frame

Material Specification:

Astm b211 assn standard single material response filtering medium

Surface Treatment:

Chromate body

Surface Treatment Specification:

Mil-c-5541 military specification all treatment responses body

Style Designator:

Rectangular (incl square)

Fsc Application Data:

An/sqq-89-v-unit 123

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000

Mil-std (military Standard):

Mil-c-5541 spec.
