Overall Length:

23.875 inches

Pipe Size For Which Designed:

0.879 inches

Shell Material:

Brass

Unit Type:

Nonrefillable

End Connection Type And Location:

Unthreaded internal pipe first end err-100

Desiccant Type:

Alumina, activated

Desiccant Capacity:

90.000 cubic inches

Shell Diameter:

3.000 inches

Special Features:

Without moisture indicator

Shape:

Straight

Style Designator:

Unthreaded internal 2nd end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T247-d
