Overall Width:

75.0 millimeters

Body Thickness:

0.625 inches

End Application:

Guided missile system, ram ex43

Bodylength:

462.0 millimeters

Special Features:

Filter, air, power supply assembly; honeycomb cell size 3, 18 mm iaw mil-c-7438

Material:

Aluminum alloy body

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
