Design Type:

Reusable

Special Features:

Emi shielding

Material:

Aluminum alloy 6063 frame

Material Specification:

Qq-a-200/9 federal specification single material response frame

Surface Treatment:

Chromate frame

Surface Treatment Specification:

Mil-c-5541 military specification single treatment response frame

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000

Mil-std (military Standard):

Mil-c-5541 spec.
