Overall Width:

6.820 inches

Design Type:

Reusable

Bodylength:

7.650 inches

Filtering Media Design:

Any acceptable single filtering media response

Material:

Aluminum frame

Material Specification:

Rr-w-365, ty vii federal specification single material response filtering medium

Surface Treatment:

Chromate frame

Surface Treatment Specification:

Mil-c-5541, type 1, grade c, class 3 military specification single treatment response frame

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000

Mil-std (military Standard):

Mil-c-5541 spec.
