Overall Height:

13.970 inches

Overall Length:

15.310 inches

Overall Width:

13.970 inches

End Application:

4120-01-456-6954, air conditioner

Usage Design:

Air conditioner

Tube Material:

Any acceptable

Cooling Type:

Air

Tube Row Quantity:

4

Special Features:

Heater flanges to have .05 inside radius bends, all brazing to be done with copper/phosphorous rod with a of 2 percent silver

Shape:

Horizontal rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T240-f
