End Application:

Degreaser model

Design Type:

Reusable

Filtering Element Quantity:

1

Maximum Operating Pressure:

125.0 pounds per square inch

Product Name:

8-15-1 filter assembly

Special Features:

Has a metal basket; rate of 100 gpm (gallons per minute)

Material:

Steel body

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
