Overall Height:

14.000 inches

Overall Length:

2.750 inches

Overall Width:

25.500 inches

End Application:

2320-01-318-9902 het (heavy equipment transporter)

Usage Design:

Refrigeration unit

Tube Material:

Copper

Cooling Type:

Air

Fin Material:

Aluminum

Special Features:

Pn assigned by controlling agency: evaporator assembly

Shape:

Horizontal rectangular

Supplementary Features:

Assembly contains: 10 ea screen picks pn 02052001; 1 ea screen condensate control pn 023510000; 1 ea o-ring number 4 capillary end pn 019350400; 1 ea o-ring number 8 pilot end pn 019350800; 1 each valve expansion pn 013550300; 1 ea coil evaporator pn 073368001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T240-f
