Overall Width:

5.250 inches

Body Thickness:

0.718 inches

End Application:

Od-220 fc2

Bodylength:

8.750 inches

Filtering Media Design:

Any acceptable single filtering media response

Product Name:

Elkectrovent emi ventillation panel

Special Features:

Emi air filter inside appature 7.75 x 4.25 --- filter is .50 wide

Material:

Aluminum alloy frame

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
