Overall Width:

9.500 inches

Body Thickness:

0.500 inches

End Application:

Sparwar-5 load bank

Design Type:

Reusable

Bodylength:

3.500 inches

Filtering Media Design:

Porous single filtering media response

Product Name:

Air filter

Special Features:

65 pore element; two required per installation

Material:

Plastic polyurethane filtering medium

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
