**Overall Width:**

Between 7.440 inches and 7.500 inches

**Body Thickness:**

Between 0.498 inches and 0.500 inches

**End Application:**

Processor, countermeasures.Sig

**Bodylength:**

Between 11.340 inches and 11.400 inches

**Thread Size:**

0.138 inches

**Special Features:**

Filter unit is chamfered on both bottom corners, 1.150 in by 1.150 in

**Material:**

Plastic polyurethane filtering medium

**Surface Treatment:**

Passivate frame

**Surface Treatment Specification:**

Mil-c-5541e military specification single treatment response frame

**Style Designator:**

Rectangular (incl square)

**Thread Series Designator:**

Unc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A24000

**Mil-std (military Standard):**

Mil-c-5541e spec.
