Refrigerating Water Chiller - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4130-01-532-8100

Overall Length:					
7.000 feet					
Media For Which Desig	gned:				
Refrigerant vapor					
Shell Material:					
Steel					
End Application:					
Hemp endurable power	system				
Tube Material:					
Copper					
Shell Outside Diameter	r:				
8.000 inches					
Product Name:					
Direct-expansion liquid o	coolers				
Special Features:					
tube length is 7 ft; tube	e od is 0.75 in;	baffle spacing for low flow rate;	2 refrigerant circuits 8-24;	four refrigerant pass cooler;	has lifting
lugs & mounting sadle					
Shelf Life:					
N/a					
Unit Of Measure:					
Demilitarization:					
No					
Fiig:					
T240-a
