**Overall Length:**

7.000 feet

**Media For Which Designed:**

Refrigerant vapor

**Shell Material:**

Steel

**End Application:**

Hemp endurable power system

**Tube Material:**

Copper

**Shell Outside Diameter:**

8.000 inches

**Product Name:**

Direct-expansion liquid coolers

**Special Features:**

tube length is 7 ft; tube od is 0.75 in; baffle spacing for low flow rate; 2 refrigerant circuits 8-24; four refrigerant pass cooler; has lifting lugs & mounting saddle

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T240-a
