## Product Name:

Switch, pressure differential: 1.7 bar

## **Special Features:**

Visual auto-resetting with a red indcation at the designated differential pressure; radted 5 amps at 125/250 vac; 5 amps resistive; 3 amps

inductive at 28 vdc; spdt; 25 psi; econoglass element type

Shelf Life:

N/a

Unit Of Measure:

---

Demilitarization:

No
