Overall Width:

24.000 inches

Body Thickness:

7.875 inches

Bodylength:

24.000 inches

Product Name:

Nuclear grade hepa filter

Special Features:

Media is all glass; media pack configuration is aluminum separator style

Material:

Steel comp 316 body

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
