Overall Width:

173.0 millimeters

Body Thickness:

17.0 millimeters

Bodylength:

173.0 millimeters

Product Name:

Replacement filter mats for filter fans sk

Special Features:

Made of chopped fiber mat with a progressive structure; temperature resistant to 212 degrees f; dust laden airside-open structure; clean air end-closed structure

Material:

Fiber body

Style Designator:

Rectangular (incl square)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
