Overall Length:

28.187 inches

Unpackaged Unit Weight:

30.000 pounds

Desiccant Type:

Silica gel

Desiccant Capacity:

311.040 cubic inches

Shell Diameter:

4.500 inches

Product Name:

Compressed air/gas instrument dryer

Special Features:

Cylindrical shape, 1in female npt inlet and outlet, 1/2in npt desiccant drain port, sight window, holds 8lbs desiccant, maximum press 250psig

Shape:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T247-d
