**Overall Length:**

28.187 inches

**Unpackaged Unit Weight:**

30.000 pounds

**Desiccant Type:**

Silica gel

**Desiccant Capacity:**

311.040 cubic inches

**Shell Diameter:**

4.500 inches

**Product Name:**

Compressed air/gas instrument dryer

**Special Features:**

Cylindrical shape, 1in female npt inlet and outlet, 1/2in npt desiccant drain port, sight window, holds 8lbs desiccant, maximum press  
250psig

**Shape:**

Straight

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T247-d
