Overall Length:

70.866 inches

End Application:

Ultima id refrigerant identifier

Product Name:

R134a sample hose

Special Features:

Inner tube: nylon; outer tube: polyurethane; the hose is provided with on instrument inlet port mating connector on one end and the r134a low side coupler on the service end

Material:

Plastic nylon

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
