**Overall Width:**

60.0 millimeters

**Body Thickness:**

9.3 major inches

**End Application:**

Predator aircraft

**Perforation Quantity:**

100.0 per square inch

**Bodylength:**

60.0 major inches

**Filtering Media Design:**

Porous single filtering media response

**Product Name:**

Plastic fan filter assembly

**Special Features:**

Consists of filter media sandwiched between fan guard and retainer

**Material:**

Plastic filtering medium

**Style Designator:**

Rectangular (incl square)

**Supplementary Features:**

Rohs compliant

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A24000
