Refrigeration Flow Rate In Tons Per Hour:

45.000

Overall Length:

78.000 inches

Overall Width:

9.688 inches

Media For Which Designed:

Refrigerant 22 and water

Head Material:

Copper and nickel

Water For Which Designed:

Salt

Pass Quantity:

4

Tube Material:

Copper and nickel

Water Connection Quantity:

5

Water Connection Type:

Pipe

Refrigerant Inlet Connection Quantity:

3

Refrigerant Inlet Connection Type:

Pipe

Water Connection Size:

2.500

Refrigerant Inlet Connection Size:

2.500

Refrigerant Outlet Connection Quantity:

2

Water Side Test Minimum Pressure:

150.0 pounds per square inch

Cooling Type:

Water

Product Name:

Doucette mstx marine condenser

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T240-a
